

Professor Kingsfield

The law school hiring season is beginning. [PrawfsBlawg](#) lists names of hiring committee chairs and for many schools adds a list of fields that the school is targeting. Here is a list of schools hiring in environmental law and related fields:

Indianapolis University (Land Use, Admin.), St. Thomas (Minn.) (Env.), University of Illinois (Admin.) Colorado (Admin.), St. John's (Admin.), SUNY (Buffalo) (Env.), Wayne (env.), Lewis and Clark (Env.), Tulane (Env.), Pierce (Env.), LSU (Energy). Many schools aren't listed at all or did not include a statement of their target fields, so this list is under-inclusive.
