

The Walrus and the Carpenter

“The time has come,” the Walrus said, “To speak of many things, Of shoes-and ships-and sealing-wax- and gifts to the UCs.”

OK, so Lewis Carroll didn't write that. But just in case you might be thinking about making a gift at the end of the year, you might consider the UC Berkeley and UCLA environmental law programs as possibilities. Both schools are doing great work on environmental policy, including this bog and much more.

If you'd like to support Berkeley's Center for Law, Energy, and the Environment, click [here](#). If you'd like more information about the Center, click [here](#).

You can find out more about UCLA's environmental law programs [here](#), UCLA seems to have a more centralized fundraising effort, but you can make a donation at the general law school site [here](#), There's a "comment" space on the donation form where you can request that the funds go to a specific program.

Thanks for your support, and for reading *Legal Planet*!
