Doug Kysar has compiled a list of environmental law journals, which some of our readers may be interested to see. It's notable how many journals (more than fifty) specialize in environmental, natural resource, or regulatory matters. The list is after the jump. You can also find another list with links here.

Speaking of environmental law reviews, I'm reminded of a wonderful slogan that ELQ used on T-shirts a few years ago: ***"Saving the planet, one footnote at a time."***
