

Updated Oct. 10, 2011. This is a list of U.S. schools that are searching for someone in environmental law, natural resources, or energy law this year. If you're looking for such a position, hopefully this will give you a head start. There may be other law schools which have some interest in hiring in this area, or at least are willing to do so if it also gets them a Property or Torts professor. I'm pleased to see the number of schools hiring and that some are clearly expanding their programs rather than just filling vacancies.

Buffalo Law School. Entry level, with a "particular interest in an energy/admin person."
Contact: Jim Wooten jwooten@buffalo.edu

FSU Law School. Hoping to fill 2-3 spots in environmental law, natural resources, ocean & coastal, energy, land use, water law. Laterals preferred, but it's not exclusive. Contact: Robin Craig. robinkcraig@gmail.com

George Washington Law School. Junior or senior lateral. Pollution and/or natural resources law, but overlap with energy law is likely a plus. Contact: Michael Abramowicz abramowicz@law.gwu.edu

Georgetown Law School. Senior-level environmental scholar. Contact: Lisa Heinzerling. heinzerl@law.georgetown.edu

Johns Hopkins, Energy Policy & Climate Program. adjunct position' Contact: Dr. Wil Burns wburns@jhu.edu

Lewis & Clark Law School. Entry-level or lateral candidates. Areas of expertise include pollution, ocean & coastal, and land use. Contact: Craig Johnston craigj@lclark.edu.

Lillehammer University College, Law School (Norway). Equivalent to associate professor position. Requires JD plus a Ph.D or Ph.D equivalent. Non-Norwegian candidates are encouraged. Contact: Geir Stenseth geir.stenseth@hil.no

LSU Law School. Tenure-track or tenured faculty members, with environmental law and energy as "areas of particular interest." Contact: Glenn Morris Glenn.Morris@law.lsu.edu

Santa Clara Law School. Seeking to hire in international environmental law, climate change, water law, natural resources, and/or energy. Teaching, scholarship, and/or practice experience in these areas preferred but entry-level applicants are also invited. Contact: Allen Hammond ahammond@scu.edu

University of Colorado Law School. Two positions. One is a senior lateral in

Env/NR/Water. The ideal candidate does not necessarily have to be an expert in all three. The other is a more junior lateral or entry-level position in Env/NR/Energy. Contact person: Paul Ohm, Paul.Ohm@colorado.edu

UC Davis Law School. Tenure/tenure track position. Environmental law is an “area of interest.” Contact: Rex Perschbacher, rrperschbacher@ucdavis.edu

University of Denver. Tenure Track faculty member for environmental clinic. Contact: Annecoos Wiersema awiersema@law.du.edu

University of Hawaii. Tenure track or tenured, as director of environmental law program. Contact: Dale Lee dalelee@hawaii.edu

University of Houston. Tenured position (lateral) in energy/environment. Contact: Greg Vetter gvetter@uh.edu.

University of Maryland. Entry level position in environmental/property law. Contact: Richard Boldt RBoldt@law.umaryland.edu

University of Minnesota Law School. Senior chaired tenure appointment in the fields of Law, Science & Technology (broadly defined); areas of particular interest include environmental and energy law. Contact: Herbert Kritzer kritzer@umn.edu.

University of Montana Law School. Tenure-track position in environmental law and Indian law. Contact: Human Resources Office at the UM website below.
