

Where it starts (or ends)

We have just completed a redesign geared towards improving your reading experience. Please take a look around!

If you would like to change your Legal Planet email delivery preferences, please click on the “Manage Subscriptions” link at the end of this, or any, email notification from us. You have the option to receive email notices for each post As Posted, in a Daily Recap email, or in a Weekly Recap.

We are especially grateful to [Robert Glenn Ketchum](#), a UCLA alumnus, who has granted us use of his beautiful photography. Ketchum has devoted his life’s work to conservation advocacy. We also thank [Sarah Bowman](#) profusely for all of her efforts in redesigning the blog.

And thanks to all of you for reading Legal Planet.
